OBJECTIVE

To take up challenging assignments in a reputed organization and to be a highly productive software engineer with quality, consciousness, and teamwork ability so that I can utilize my knowledge and efficiency for the benefit of the organization and myself.

EXPERIENCE SUMMARY

- **10.2 years of total experience**
- **Having 7 years of experience in backend development using Core Java, Spring MVC, Hibernate**
- **3 years of development experience using Spring Boot, Microservices**
- **Worked on designing DB Architecture including DB normalization and relationship.**
- **I have worked 6 years on Oracle and 3 years on MySQL.**
- **Having deployment experience using tools like – Docker, Kubernetes, Open Shift**
- **Having working experience in different Webservices like: - SOAP, REST API**
- **Worked on version controlling tool like – GIT (GitHub and Bitbucket)**
- **Having experience on AWS, Apache Kafka, Spring Batch**
- **Good team player like to work collaboratively and guide junior Team Members**
- **Experience in Agile environment, worked with Jira to maintain tasks and timelines.**
- **Ready to learn new Skills/Technologies.**
- **Worked in Telecom, Banking domain and Health Care domain.**

EXPERIENCE

LITMindtree | Specialist - Software Engineering

September 2021 – Till Date Mumbai, India

- **Tech stack:** Core Java, Spring Boot, Microservice, Unit Testing, Test Driven Development, Kafka, Spring Security, Hibernate, SonarQube, Agile, Bitbucket, IntelliJ Idea
- **Senior developer of a Spring Microservice Based application developed different REST API, different Modules.**
- **Consume the REST API provided by client using Retrofit Client and development different services Developed different services based on the different module.**

Delta Technology and Management Services | Senior Consultant

December 2016 – September 2021. Mumbai, India

- **Tech stack:** JavaScript, jQuery, Test Driven Development, HTML, CSS, Java, JDBC, Spring MVC, Spring Security, Hibernate, SonarQube
- **Senior developer of a Spring Based application developed different modules like: - User Module, Report Module.**
- **Developed Desktop Based Java Application with different types of file validations and given to the different Bank to validate their and upload on web portal.**
- **Take decisions based on requirements, collaborating with senior solution architects, and providing effort estimation.**

Experis IT Pvt. Ltd | Software Engineer

July 2015 - May 2016. Gurgaon, India

- **Tech stack:** Java, Spring, HTML, CSS, JavaScript, Amazon Web Services (i.e., Lambda, EC2, CLI, IAM), Oracle DB, REST API,
- **Played a key role in architecting and developing and integrations with Third party API's and manage their documentations.**

Artech Infosystems Pvt. Ltd | Software Engineer

April 2015- July 2015. Gurgaon, India

- **Tech stack:** Java, JSP, JavaScript, React JS, Oracle DB, HTML, CSS
- **Backend developer designs different modules and prepares documentations.**

Cubic Web Solutions | Software Engineer

June 2013 - Mar 2015. Noida, India

- **Tech stack:** Core Java, JDBC, Servlets, JSP, MongoDB, HTML, CSS, JavaScript, jQuery
- **Junior backend developer on a yearlong Industrial experience with a focus on development of Java based application.**

TECHINICAL SKILLS

Language	:	JDK 1.8, 1.7, J2EE (JSP, Servlets), JDBC, Spring, Spring Boot, Microservices, Spring JPA, Hibernate, REST API
Databases	:	Oracle 11i, 10g, MYSQL5.5, MongoDB
Web Tools	:	HTML, CSS, JavaScript, jQuery, JSON, XML
Modeling Tool	:	IntelliJ Idea, Eclipse
Application Server	:	Apache Tomcat Server 9, Web Logic 10.3.6
Operating System	:	Windows 10, Linux, UNIX
Build Tools	:	Maven, Gradle
Testing Tools	:	JUnit, Cucumber
Message Queuing System	:	Apache Kafka, RabbitMQ
Containerization	:	Docker, Kubernetes
Cloud	:	Amazon Web Services (i.e., Lambda, EC2, CLI, IAM)
Version/Integration	:	Git, Jenkins, Bitbuckets

PROJECTS

NETS Finland OY
- **Tech stack:** JavaScript, jQuery, Test Driven Development, HTML, CSS, Java, JDBC, Spring MVC, Spring Security, Spring JPA, SonarQube, Maven, JSON, IntelliJ Idea
- Developed different Web based Rest API for different data.
- Worked on XML based services.
- Direct interaction with the client and understand requirement and provide solutions. Worked on middleware service between bank and Merchant.

PSD Development (IFX)
- **Tech stack:** JavaScript, jQuery, Test Driven Development, HTML, CSS, Java, JDBC, Spring MVC, Spring Security, Spring JPA SonarQube, Maven, JSON, IntelliJ Idea
- Developed different Web based Rest API end to end for different data.
- Developed different services based on the user role and manage data based on Roles Design Database and different table and manage data.
- Documentation for Web Services Direct interaction with the client and understand requirement and provide solutions.

Automated Data Extraction Portal (ADEPT)
- **Tech stack:** JavaScript, jQuery, Test Driven Development, HTML, CSS, Java, JDBC, Spring MVC, Spring Security, Spring JDBCTemplate, Hibernate, SonarQube, Maven, AJAX, JSON,
- Worked on Files Upload functionality of the application. Here users can upload files with Loan related data.
- User management functionality of application. Here creates users on different levels.

My United Health Care (MyUHC)
- **Tech stack:** Java, React JS, JavaScript, HTML, CSS, Gradle, Oracle DB, Test Driven Development, Docker
- An Application who has huge users list based of US, manage data of different Health related policies, Claim their medical related bills etc.

EMS (Expense Management System)
- **Tech stack:** Core Java, JDBC, RETAPI, Swagger Documentations, Mongo DB, HTML, CSS, JavaScript
- A system capable of helping companies to manage expenses in various areas like Business Expenses & Travel Expenses.
- Have integrated the EMS with other tools like: - HRMS and SAP

EDUCATION

Uttarakhand Technical University | Master's in Computer Application (First class)
August 2010 – May 2013. Dehradun, India

Activities: Participated in various cultural activities like: - Dancing, Speaking.

Chaudhary Charan Singh University | Bachelor's in Computer Application (First class)
August 2006 – May 2009. Meerut, India

Place:
Date: (Yogesh Kumar)
